"Miscellaneous and Other Items."

ORDER NO. R. Fl. 1085-144—G. F. 272-25-1, DATED 11th AUGUST 1926.

READ—

During the budget discussion at the last Session of the Representative Assembly and the Legislative Council, it was suggested to Government that specification may be made, as far as possible, of the more important items included under indefinite heads such as 'Miscellaneous' and 'Other Items' both on the Receipt and Expenditure side of the Budget.

2. As the items comprised under such non-descript heads are likely to vary from year to year, Government observe that the arrangement in the Budget need not be disturbed and that details of items of not less than Rs. 2,000 included under such non-descript heads should be furnished in the explanatory memorandum accompanying the Budget Estimates. Government accordingly direct that in submitting the receipt and expenditure estimates in future the Comptroller and the Heads of Departments will invariably furnish particulars of all items of not less than Rs. 2,000 included under such heads as 'Miscellaneous' and 'Other Items' with explanation for variations in the provisions in the estimates as compared with accounts wherever necessary.

3. As regards revenue heads, the responsibility for furnishing the detailed information, primarily rests on Heads of Departments and the departmental registers prescribed under the rules relative to each department should enable the officers preparing the estimates to give particulars of the miscellaneous items. In cases where they do not supply adequate information it should be obtained by reference to initial records, if necessary.

4. In regard to the expenditure heads, the Comptroller will furnish details of the more important items included under 'Miscellaneous' or 'Other Items.'

5. The Comptroller is requested to see that in the budget forms supplied to the departments in connection with preparation of the next year's budget, a note is added inviting the Heads of Departments to these circular instructions.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.
